Career Objective

Current computer science undergraduate who is eager to learn more about web and application development. In pursuit of a internship that will both develop and make use of my technical skills as well as my design capabilities.

Work Experience

IOS/ANDROID Development Intern

DNR Studios ● July 2023 - September 2023 ● New York City, NY
Hired as an IOS/ANDROID Development Intern within CUNYLaunch for the summer of 2023. Worked on researching and implementing new features for their application including private messaging/chats, view lists, API refreshing, account pages, and overall design and styling. Learned how teams organize and develop applications in a professional setting.

Digital Media Intern

360 Magazine ● November 2021 - March 2022 ● New York City, NY
Learned how to use Wordpress, honed my writing skills, operated with high-level press teams, celebrities, artists, and learned what it meant to be   a part of a publication. Dealt with blog posts and copy editing various press releases about music, fashion and products. Also wrote about my own findings on a product.

Volunteer

Special Olympics ● March 2014 - June 2020 ● New York City, NY
Volunteer coaching children & adults with intellectual & physical disabilities who come together to train and play in sports.

Other

Summer Abroad Programs

Frei University Berlin ● July 2022 - August 2022 ● Berlin, Germany
Spent a month in the summer of 2022 in Berlin among many other international students to take a B2-C1 German language intensive course.

LMU Munich ● August 2020 - September 2020 ● Munich, Germany
Spent a month in the summer of 2020 in Munich to pursue a A2-B1 intensive course in the German language.

Film & Video Editing

Video Creation ● September 2015 - Current ● New York City, NY
I have created countless videos including parodys, an anti-bullying film, music videos, and promotional videos. My main focus however is CS.
